After witnessing the intricate bronze casting process in India and recognizing the lack of demand for these beautiful works, Kyle embarked on a mission to create a market for Indian bronze artists through the Internet, ultimately giving birth to Lotus Sculpture.

Through the support of its customers, Lotus Sculpture has been able to help artisans thrive, providing them with a sustainable income and a platform to showcase their talents. This support has revitalized struggling industries, preserving and celebrating ancient crafts while sharing the rich cultural heritage of Eastern religious art.

Artistic statues are available online and in their showroom. Viewings are by appointment only. (760) 994-4455
